War on the Saints

By Jesse Penn-Lewis in collaboration with Evan Roberts

This book grew out of experience of the Welsh Revival at the beginning of the 20th Century. It is extremely important in relation to Satanic deceptions and spiritual warfare. The best edition of this important work is the original unabridged edition of 1912, which may be found in its entirety at a number of sites on the Internet. The more recently published editions leave out a lot of important material. There is the "Abridged Edition" and the 9th edition "Unabridged" which is more complete than the Abridged but still leaves out significant portions of the original.
